Hello \*|FNAME|\*!

Congratulations! We've just passed the halfway mark for Semester 2! We hope the mid-semester tests and assessments are going swimmingly.

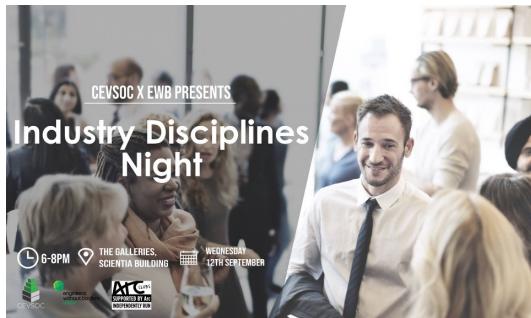

In this issue, we're helping you professionally enhance yourself with networking and development events at and outside of UNSW in the next few weeks.

Thinking of your summer plans? Check out the international opportunities we have for you as well!

## CEVSOC x EWB: Industry Disciplines Night

This Resume Workshop will aid you in refining your professional presence. We

will be able to review, critique and help you alter your resume for the opportunities you are looking for.

For more information, click [here](#).

## AIAA x Optus Satellite: Women in Aerospace Panel

Join AIAA and Optus Satellite for a stellar panel highlighting the female talent and their experiences within the Australian Space Industry, held at the Optus Satellite ground station at Belrose.

For more information, click [here](#).

## RSE STEM Leaders Applications

Do you want to be proactive with your summer break? Why don't you use the time to enhance your professional development and gain industry insight from STEM professionals!

For more information, click [here](#).

## MTRNSOC, ELSOC & RESOC: Cruise

Looking to escape from the viscous trap of assessments? Come and unleash your inner party animal as you venture into the jungle with MTRNSOC, ELSOC and RESOC on this harbour cruise.

For more information, click [here](#).

## CSE Revue: Mycrosoft Shrexcel

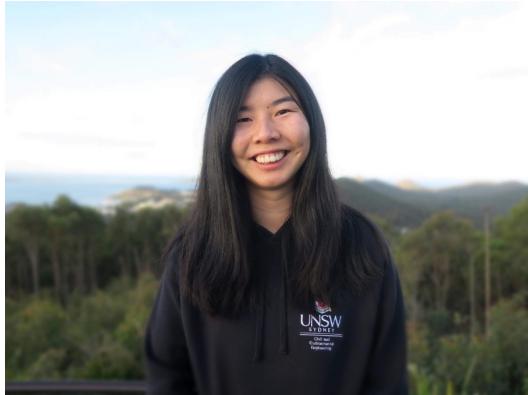

Somebody once told me that CSE Revue: Mycrosoft Shrexcel, a student run sketch

comedy show including acting, dancing, singing & videos, is coming to a Science Theatre not so far far away.

For more information, click [here](#).

[More events here](#)

When 3rd year Civil Eng & Commerce student, Nancy Zhuang, joined WIESoc, little did she know it would lead to global internship opportunities with engineering and consulting giant, WSP.

## Project Everest Ventures

Get the industry exposure and experience that you need to build your competitive edge from Project Everest. Plus you can earn up to 10 days industrial training!

For more information, click [here](#).

## MCIC Founders Womens Lunch

UNSW Founders Program welcomes you to join us at the Founders Women's Lunch to mingle & network with other females in entrepreneurial, design and maker space.

Learn more and register [here](#).

## Student Opportunities

### Cisco - [Network Engineer Internship](#)

Work directly with our customers and gain hands on experience and exposure into their networks. Be immersed in a small close knit group of cohorts, to collaborate on a variety of projects that have a real impact. You'll learn from industry experts and work on network infrastructures. Deliver business solutions and technology solutions from data, security, mobility and the cloud.

**Apply now!**

### Jacobs - [Summer Internship Applications](#)

The Jacobs Internship Program offers students the opportunity to work with us for 12 weeks during the Christmas period break. This is a great opportunity to get some real-world experience that will help you make an informed decision about the direction of your post university career.

**Apply now!**

---

### **Atlassian - [Internship Program](#)**

We're looking for passionate, penultimate year students to join us over the summer in our Sydney office. If you're an outstanding student with a strong passion to make things better, we encourage you to apply. With us, you'll be involved in our daily operations and have the opportunity to make real contributions.

**Apply now!**

---

### **Arup - [Summer Vacation Program](#)**

Arup's summer vacation program is 12 weeks of paid experience over the university summer break 2018/19. You will have the opportunity to contribute to Arup's ground-breaking projects, whilst receiving a mix of on-the-job and professional development training and building your network with the best in the business. By being part of the program, you will also be automatically considered for a graduate role!

**Apply now!**

---

### **Ericsson - [Graduate Position](#)**

Are you ready to take on enterprise and industry challenges at a global level? Are you excited to innovate in ways that are only beginning to become possible? Does the idea of being at the forefront of the ICT industry seem like an ideal career? If so, Ericsson Digital Services is an excellent place for you to start your career.

**Apply now!**

---

### **CareerTrackers - [Indigenous Internship Program](#)**

Are you an Indigenous Engineering student seeking a paid internship this Summer? CareerTrackers can help find you work experience in an industry that aligns with your Engineering degree. Registrations are now open for our 12-week Summer internships, so head to our website to apply.

**Apply now!**

---

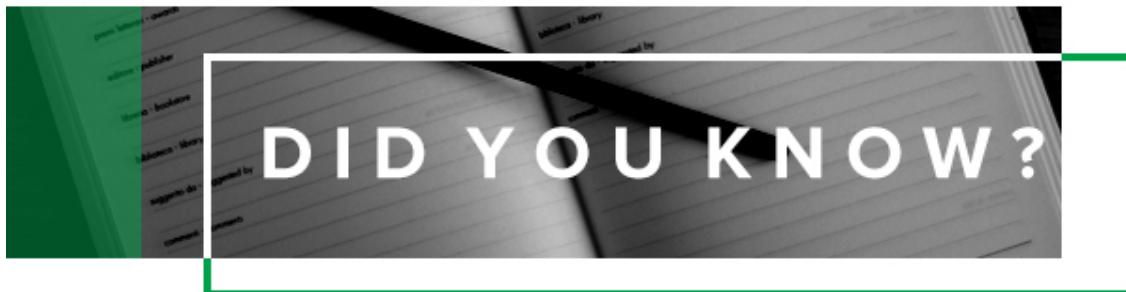

### **Grad Australia - [Internship Opportunities](#)**

July and August are important times for internship recruitment, including roles at Westpac, PwC, King & Wood Mallesons, Deloitte and more.

**Browse internships now!**
